

POLICY ON REPLACING MAILBOXES -

Adopted January 28, 2003

Revised February 10, 2003

The Town shall replace all mailboxes that have been determined by the Road Foreman as having been directly hit by a town snow plow. The Road Foreman shall make this determination immediately upon being notified by a resident that a mailbox may have been hit by a town snow plow. If, after examining the box, the Road Foreman determines that the mailbox was not hit by the town snow plow, or if he cannot determine whether or not the mailbox was hit by a town snow plow, then the town shall not replace the mailbox
