

# Water Resources

## Town of Westminster, Vt.

- Town boundary
- Stream
- River or pond
- Railroad
- Paved public roads
- Unpaved public roads

- Public Water Supply - groundwater source
- Well Head Protection Area
- Wetland
- Areas within the 100 Year Flood Hazard Area
- Area between the 100 to 500 Year Flood Hazard Area

**Sources:**

- Wetlands are from US Fish and Wildlife Service's National Wetlands Inventory (NWI) maps. These maps show approximate locations of wetlands that are generally 3 acres or larger in size.

- Public water supply groundwater source and well head protection area locations are from VT ANR Water Supply Division digital data. These data are current to 1999.

- Surface waters were digitized from 1974 1:5000 orthophotos by the University of Vermont's School of Natural Resources under contract with OGIS. The data have been attributed and have received limited editing by WRC.

**Notes:**

- This map should be used for planning purposes and general reference only.
- On-site investigation is required to verify the existence and extent of the wetlands shown on this map.
