

SPEED LIMITS ON TOWN ROADS

Under Vermont law the default speed limit on all roads is 50 MPH. Town Selectboards have the authority to reduce the speed limits on town roads to as low as 35 MPH without a first conducting a traffic study and to as low as 25 MPH if a traffic study so warrants. In all cases the Selectboard is required to consider certain criteria set forth in State statutes prior to changing the speed limit on a road.

The Westminster Selectboard has set the following speed limits:

Town Highway	Name	Portion of Road Involved	Speed Limit	Date Enacted
64	Alden St.	Full Length	30	07/19/1972
5	Back Westminster Rd.	From .3 miles of Birchview to .5 miles north of Birchview	30	11/20/1972
